Letter of Appreciation

It gives us immense pleasure in congratulating Miss. Sania Vighneshvar Bandekar for her efforts in effective implementation of technology based pan India social initiative 'COVIO2' and "Mission Namaste", in fighting against COVID 19.

This initiative has provided a technology platform that helped in connecting several needy patients and hospitals across various states in India, with the oxygen suppliers.

We really appreciate the incredible social work being carried out by her in such a crucial time. We wish her the best for her future endeavors.

(Principal)
